

Transitioning to the Qualis Health Provider Portal

Faxed requests for imaging, spinal injections and therapy services will no longer be accepted beginning on January 1, 2017

As of **JANUARY 1ST, 2017**, all Washington Medicaid and Washington State Department of Labor & Industries requests for Imaging, Spinal Injections and Therapy Services (PT, OT, WC) **MUST BE SUBMITTED ELECTRONICALLY** through the Qualis Health Provider Portal (QHPP).

How to get started:

1. If your organization is already registered with OneHealthPort and you are not currently using the QHPP, you may already have access to the QHPP. To find out if you already have access to the QHPP, go to **Qualis Health's website**: www.qualishealth.org/LNI or www.qualishealth.org/WAM.
2. If your organization is not registered with OneHealthPort or the QHPP, you may need to register with one or both. To register, visit:
 - **OneHealthPort**: <http://www.onehealthport.com/SSO-overview>
 - **QHPP**: www.qualishealth.org/LNI or www.qualishealth.org/WAM

Training:

Qualis Health is committed to supporting you during this transition. We will conduct both scheduled webinars (dates to follow) and on-demand sessions for individual practices. Training takes 30 minutes to an hour at most.

To request training for your organization:

(800) 541-2894
wagovtproviders@qualishealth.org

Qualis Health provides utilization management services under contract with the Washington State Department of Labor & Industries and the Washington State Health Care Authority to assure that Workers' Compensation and Medicaid recipients are provided appropriate medical services in accordance with state and federal regulations, statutes, and policies.

Why the Qualis Health Provider Portal?

With the QHPP, you can:

- Use OneHealthPort integration for single sign-on
- Attach additional clinical information directly to the review
- Take advantage of the auto-approval process for Advanced Imaging, with a next-day notification
- Immediately access reference numbers and track the status of any submitted review

“Once we had the brief training from Qualis Health staff, we found this system to be very user friendly. Entering via the Qualis Health Provider Portal has cut in half the amount of time it takes from submission of a request to the call from the claim manager with authorization”
